You are advised to read it so you can make an informed decision about whether to invest.

AMUNDI FUNDS EUROLAND EQUITY SMALL CAP - A2 EUR A Sub-Fund of the SICAV AMUNDI FUNDS

ISIN code: (A) LU1534100620

This UCITS has appointed Amundi Luxembourg SA, an entity part of Amundi group, as its Management Company

Objectives and Investment Policy

The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

To achieve long-term capital growth.

The Sub-Fund invests at least 75% of net assets in equities of companies that are headquartered and listed in the Eurozone, with a minimum of 51% of net assets in equities which have a market capitalisation below the maximum market capitalisation of the benchmark. Investments may be extended to other European Union member states, depending on the expectations regarding which countries may subsequently become part of the Eurozone.

The Sub-Fund makes use of derivatives to reduce various risks and for efficient portfolio management.

Benchmark : The Sub-Fund is actively managed and seeks to outperform the MSCI EMU Small Cap Index. The Sub-Fund is mainly exposed to the issuers of the benchmark, however, the management of the Sub-Fund is discretionary, and will invest in issuers not included in the benchmark. The Sub-Fund monitors risk exposure in relation to the benchmark however the extent of deviation from the Benchmark is expected to be material. Further, the Sub-Fund has designated the benchmark as a reference benchmark for the purpose of the Disclosure Regulation. The Benchmark is a broad market index, which does not assess or include constituents according to environmental characteristics, and therefore is not aligned with the environmental characteristics promoted by the Sub-Fund.

Management Process : The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. The investment team selects equities based on fundamental analysis (bottom-up), constructing a concentrated portfolio that consists of those securities about which the investment team has conviction. The Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of the Benchmark.

The accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

The minimum recommended holding term is 5 years.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.

Risk and Reward Profile

The risk level of this Sub-Fund mainly reflects the market risk arising from investments in small and mid cap equities.

Historical data may not be a reliable indication for the future.

Risk category shown is not guaranteed and may shift over time.

The lowest category does not mean 'risk free'.

Your initial investment does not benefit from any guarantee or protection.

Important risks materially relevant to the Sub-Fund which are not adequately captured by the indicator:

- Credit risk: represents the risks associated with an issuer's sudden downgrading of its signature's quality or its default.
- Liquidity risk: in case of low trading volume on financial markets, any buy or sell trade on these markets may lead to important market variations/fluctuations that may impact your portfolio valuation.
- Counterparty risk: represents the risk of default of a market participant to fulfil its contractual obligations vis-à-vis your portfolio.
- Operational risk: this is the risk of default or error within the different service providers involved in managing and valuing your portfolio.

The occurrence of any of these risks may have an impact on the net asset value of your portfolio.
