

## Key Investor Information

This document provides you with key investor information about this Sub-Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Sub-Fund. You are advised to read it so you can make an informed decision about whether to invest.

# AMUNDI FUNDS EMERGING MARKETS LOCAL CURRENCY BOND - R11 EUR Hgd A Sub-Fund of the SICAV AMUNDI FUNDS

ISIN code: (A) LU2391858433

This UCITS has appointed Amundi Luxembourg SA, an entity part of Amundi group, as its Management Company

### Objectives and Investment Policy

The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

Seeks to provide income and to increase the value of your investment over the recommended holding period.

The Sub-Fund invests mainly in bonds that are denominated in a local currency from emerging markets or where the bond's credit risk is linked to emerging markets. The Sub-Fund may also invest in bonds from any country that are denominated in other currencies, and may invest up to 25% of its assets in bonds with attached warrants, up to 10% in contingent convertible bonds and up to 5% in equities. The Sub-Fund may invest up to 10% of net assets in ABSs and MBSs. The Sub-Fund's exposure to Distressed Securities is limited to 10% of its assets.

The Sub-Fund makes use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on credit, interest rates and foreign exchange).

**Benchmark :** The Sub-Fund is actively managed by reference to and seeks to outperform the JP Morgan GBI-EM Global Diversified Index. The Sub-Fund is mainly exposed to the issuers of the Benchmark, however, the management of the Sub-Fund is discretionary, and will be exposed to issuers not included in the Benchmark. The Sub-Fund monitors risk exposure in relation to the Benchmark however the extent of deviation from the Benchmark is expected to be material. The Sub-Fund has designated the Benchmark as a reference benchmark for the purpose of the Disclosure Regulation.

**Management Process :** The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. The investment manager uses a combination of overall market analyses and analysis of individual bond issuers to identify those bonds that appear more creditworthy than their ratings indicate, offer the potential for attractive income and may benefit from increases in the value of local currencies. The Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of its investment universe.

The accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

The minimum recommended holding term is 4 Years.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.

### Risk and Reward Profile

The risk level of this Sub-Fund mainly reflects the market risk arising from investments in emerging markets bonds.

Historical data may not be a reliable indication for the future.

Risk category shown is not guaranteed and may shift over time.

The lowest category does not mean 'risk free'.

Your initial investment does not benefit from any guarantee or protection.

Important risks materially relevant to the Sub-Fund which are not adequately captured by the indicator:

- Credit risk: represents the risks associated with an issuer's sudden downgrading of its signature's quality or its default.
- Liquidity risk: in case of low trading volume on financial markets, any buy or sell trade on these markets may lead to important market variations/fluctuations that may impact your portfolio valuation.

- Counterparty risk: represents the risk of default of a market participant to fulfil its contractual obligations vis-à-vis your portfolio.
- Operational risk: this is the risk of default or error within the different service providers involved in managing and valuing your portfolio.
- Hedging risk : The currency hedging may be imperfect and generate a difference between the performance of the Sub-Fund and the share-class you are invested in.
- Emerging Markets risk : Some of the countries invested in may carry higher political, legal, economic and liquidity risks than investments in more developed countries.

The use of complex products such as financial derivative instruments might increase market movements in your portfolio.

The occurrence of any of these risks may have an impact on the net asset value of your portfolio.
